K-9's Prepare to Hit the Road with Helicopter Training

- What:** The Utah Department of Public Safety's Police Officer Standards and Training K-9 class prepares to hit the road by using the Department of Public Safety's police helicopter for training.
- Who:** **DPS Helicopter and POST K-9 Class**
- When:** **Thursday, Dec. 11, 2008**
1 p.m.
- Where:** Taylorsville Rec Center
5200 S 2700 W
Taylorsville
- Visuals:** K-9's and Handlers loading and off loading from DPS Helicopter

The Department of Public Safety's POST K-9 class prepares to hit Utah's roads in a week with some very important helicopter training. Come see police K-9's and handlers from multiple law enforcement agencies train on this very important piece of equipment. These K-9's and handlers are preparing for possible helicopter insertions, based on probable real life scenarios. This will help K-9's become accustom to flight so that they will operate efficiently when the need arises.
